

Face in the Mirror®

Branch Information

If you are interested in opening a branch in your city, please complete the application on line, and fax or e-mail the completed form to Sylvia Corella, Volunteer Director. Our fax number is 480-368-7554, the email address is Sylvia@faceinthemirror.org Once Sylvia receives your completed application she will contact you to discuss the possibilities and procedures.

In your consideration of opening a branch please review the following important guidelines:

- 1. First, you will need to locate a hospital in your city which you feel is a good choice for the Mission of pampering to be taken to the woman in the oncology departments. Do you have any personal connections with this hospital?*
- 2. Prior to beginning your branch outreach, you will need to visit our home office in Scottsdale, Arizona. Training is required on site, as well as going with a trainer to a local hospital to see “first hand” the Mission to the patient. Once you have received the training, you can then train other volunteers to assist you as you grow.*
- 3. Our Mission is pampering and encouraging the oncology patient in her room, clinics, infusion, City of Hope, and radiation. Making over her face with a gentle hand massage. . . leaving her feeling that “the face in the mirror is still me” The gift you give can be “kept up” if she contacts you for additional items. The woman is part of our “family” and should never be forgotten.*
- 4. All volunteers are required to take the hospital of choice, orientation. This is only suggested IF that hospital has accepted our outreach as a “partnership” The time to complete your orientation will vary with each hospital. You are requested to report back to the Scottsdale office that you have completed your orientation; you will then be ready to begin the stages of opening the branch 😊*
- 5. We give specific products which are pure and free of chemicals. The gift is bagged in a beautiful linen signature bag which is packaged specific with chosen items, at the home office. It is important that you help raise funds, donations, etc. to help purchase the various products. FIM office in Scottsdale will help*

with your outreach by contributing various items to the gift, but cannot at this time financially support all branches across the country. All products are specifically chosen by the FIM home office. The gift bags are packaged in Arizona and shipped to your city. If you raise funds for the purchase of products, the gift will be purchased and come to Arizona to be held and packaged only to be given to your outreach.

If you are an Arbonne Representative we will use the donation you receive to order directly from you for the purpose of your specific branch.
All donations given to you for your branch are tax deductible

6. *Products have been chosen and substitutes are **NOT** permitted.*
A brochure will be printed and donated to the new branch including information related to the hospital/and you.
7. *You and all volunteers will receive (2) beautiful FIM jackets.*
Your name or "volunteer" will appear on each.
8. *Once the inventory is received, you will be responsible for the daily control of bags, reporting back to the home office monthly as to supply/demand.*
9. *For the safe keeping of all products, the hospital will be requested to give us a room/or locker to put items to store at end of volunteer's day.*
10. *If the above information is of interest to you please contact our office.*

Also...

Barbara MacLean-Founder will come to your city to meet and visit with you and your volunteers as well as meet the hospital staff

Note: It is essential that you first contact our office to communicate on all levels pertaining to the opening of a branch in your community.

FACE IN THE MIRROR® is a 501©3 NONPROFIT ORGANIZATION

Face in the Mirror® was founded by Barbara MacLean and is dedicated to the loving memory of her sister, Charlotte Mae McCracken who lost her battle with cancer in September-2001

Thank you and let us look forward together to...

Changing the Face of Cancer One Patient at a Time!

Expecting miracles,

Barbara MacLean Founder-CEO
